Really great Resource pack, but. Too expensive. This Source pack have a total of 18 tracks; They are really great, and do a good thematic. "Crystal Chaos" is total freaking - Scared me with my own Game Scenes ahahhaahah. For the title, i've chosen "Suspense Celeste". "Spooky Dreams" is amazing too, and suits perfectly in "Run for Your Life" moments :v "DARK CAVERN GROOVE" is simply my Favorite track from this pack; Perfect either to Dungeons, Battles or Scenes - To say the truth, it's perfect for everything in my game. My conclusion: There are really good tracks in this pack, but just as i said, it's just too expensive for it's contents. There are another Music Packs with same number of tracks and thematic that cost far less than this one here. So.. This helped build Waste Walkers. <http://store.steampowered.com/app/371100>
